WORK EXPERIENCE

Sales Website design project (2023): Project by me

- **Web Development:** Successfully created a sales website with **Laravel**.
- **Product Management:** Led the design and implementation of **CRUD** for products.
- **User Experience:** Crafted user-friendly **login and registration** features.
- **Skills:** Proficient in **Laravel's Eloquent ORM, Middleware**, and **Blade**, ensuring a **secure** and **efficient** website.

Project sales book (2023): Project by me

- Utilized the **ASP.NET MVC platform** to build a book-selling website.
- Implemented **CRUD for Categories**, enabling efficient management and viewing of book categories.
- Executed **Book CRUD** operations, allowing for **addition, editing, deletion, and detailed viewing** of books.
- Developed a **Shopping Cart** feature, permitting users to **add books to their cart** and proceed to checkout.
- Implemented **User Authentication**, enabling users to **register accounts** and **log in** for enhanced security and personalized experiences.

Study and Self-study: Project by me

- Self-study programming, back-end, and front-end.
- Engage in online communities to learn and share knowledge.

SKILLS

Have basic knowledge about:

- Html, CSS, JavaScript, MySQL.
- Node.js, C#, java...
- Laravel 8, Asp.Net MVC
